### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 16, line 3, "forming a opening" has been changed to --forming an opening--.

The following is an examiner's statement of reasons for allowance: Claims 16-18 have been allowed because the prior art fails to disclose or suggest a method of anterior cruciate reconstruction surgery of the knee having all the method steps as recited in the claims, including the step of "positioning a flexible strand in the knee such that the flexible strand extends from outside of the knee, through the transverse hole and into the opening in the femur through the first sidewall of the opening, out through the entrance of the opening and through a tunnel in the tibia, and, after forming a loop outside of the tibial tunnel, extending back into the tibial tunnel and into the opening through the entrance of the opening, and into the transverse hole in the opposite sidewall of the opening;" as recited in claim 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
